Welcome and introduction

GFEI training meeting
IEA Energy Efficiency Training Week

Jean François Gagné
Division of Energy Technology Policy
International Energy Agency

11 June 2015
Background

- Today’s and tomorrow’s meetings are part of a joint initiative

IEA Training Week 2015
Energy Efficiency in Emerging Economies
8-12 June, Paris

GFEI TRAINING AND PARTNERS MEETING 2015

- This was promoted and supported by
  - the IEA E4 programme (Energy Efficiency in Emerging Economies)
  - GFEI partners:
Aim of these two days

- Cover issues related with the “improve” policy strategy for transportation
  - Fuel economy labelling, standards and regulations, fiscal measures
  - Assessing the impact of these policies
  - How to overcome policy and implementation challenges

- Mixture of focused lectures, interaction with experts and international peers

- Learn more about the work which GFEI does, and those with whom we do it

- Establish contacts allowing you and your colleagues to get help, once you are back in your respective countries
